Put Your Best Foot Forward

That is what people do in the shoe business, and in the hardest battles of life.

True it is just a figure of speech, but the truth is, any progress in life depends very much on the PHYSICAL FOOT.

Gold feet are sometimes caused by tight shoes which impede the blood circulation in the foot.

Short shoes cause hammer toes, broken arches and rotating ankles.

Our Doctor says that backache comes either from the head or feet—and in a majority of cases it comes from the latter. Weak eyes might also easily come from foot trouble or from any constantly irritated nerve.

It is within common reason that many a child cries from tight, short shoes and can not tell where the trouble is.

It is known that many women suffer from foot trouble and are very hard to convince of the fact.

THE FIT OF A SHOE IS ACTUALLY WORTH MORE than the INTRINSIC VALUE.

If the shoe does not fit there will be a constant which will give away first the shoe or the foot.

People in years gone by would say: "If I buy this shoe how long will the shoe last?" Now people ask, "If I buy this shoe how long will my foot last?"

BUY OUR SHOES, HAVE THEM FIT, AND SAVE YOUR FEET

Good Tires Speed Deliveries

is better than its tires.

Good tires are the best practical guarantee of your car's continuous and economical service.

United States Tires are good tires—the best tires our 76 years of experience in the rubber business have taught us to make.

You have your choice of five different types for passenger car or light delivery use—'Nobby', 'Chain', 'Usco', 'Plain', and the famous 'Royal Cord'.

There is also the 'Nobby Cord' for heavy-duty vehicles, as well as the Solid Truck Tire.

Among these good tires you will find exactly the treads best suited to your car and driving conditions.
